General Index 1994

25 Years of Polyethylene. A review of the material and the market: *T. Stafford and P. Marsden* 226
59th Autumn Meeting and YPI Conference 29
Abstracts 126, 320
Back to the future. Development of Orpheus: *A. Greenland and L. Harris* 216
British Gas developments in gas engine chiller heaters: *M. Nunn* 82
British Gas—energia para Buenos Aires: *R. J. Souchard* 178
The British Gas polyethylene distribution system: *T. Stafford* 257
Changing roles for worldwide contractors and consultants: *J. N. White* 301
District Section and Gas Association Programmes 1994/95 316
Fire and explosion hazards: *M.J. Wickens and B.J. Lowesmith* 348
Gas distribution—1934: *G. McLennan* 325
The green challenge: *M. Pickles* 150
Hungary for knowledge: *H. Buxton* 274
IGE News 23, 63, 95, 127, 159, 199, 247, 287, 361
Innovation in Osaka Gas: *K. Suzuki* 42
International News Review 319, 347
The Jury's still out—HAUC 94: *S. James* 194
Just another gas field? 346
Managing change: *P. S. Barron* 2
Membership applications 67, 99, 158, 251, 321
Natural gas and the gas turbine: *K. A. Bray* 278
New ideas 192
New look for conferences is a blue print for the future: *A. McDiarmid* 254
The new Northern Ireland gas industry: *W. McConnachie, D. B. King and P. A. Chester* 203
New Ordinary Members of Council 160
New technology revolutionises gas metering: *V. Thomas* 115
News from Industry 17, 89, 133, 193, 241, 291, 327, 342
The North Morecambe Development: *B. Juren* 306
Opportunity Knocks! *S. James* 323
People 28, 66, 97, 289, 334, 364
Pipeline materials—evolution or revolution? *D. C. Harget* 266
Power generation stations: impact on the planning and operation of the electrical transmission system: *D. J. Gray and M. Horley* 59
Power into the 21st century: *R. C. Hodrien and G. W. Fairbairn* 50
Power Stations: impact on the planning and operation of the natural gas transmission system: *E. G. Fowler* 73
Power to the people: *J. A. Parsons and M.C. Patterson* ... 187
President 1994-95 159
Presidential Address: *D. R. Brooks* 146
A private entry into the developing power market of Malaysia: *R. Wilkins* 295
Quality in-roads: *S. James* 139
Reengineering: prospering in a competitive environment: *S. D. Chesebro'* 6
The role of exploration and production in the future of British Gas: *H. W. Dalton* 13
Save gas: recompress! *K. Salter* 101
Seismic surveys in offshore site investigation: *R. Salisbury* 168
Stepping on the gas—the road ahead: *G. R. Millar and J. F. Welch* 106
TRANSPIRE: An expert system for the assessment of the risks and hazards of gas transmission pipelines: *H. F. Hopkins and S. E. Lewis* 36
Trinidad conference shows huge potential for South American gas: *V. Thomas* 185
Vice-Presidents 159
Waving good-bye to the pressures of pigging: *J. Harris* ... 336
World Gas Conference 264

Author Index 1994

Barron, P. S. *Managing change* 2
Bray, K. A. *Natural gas and the gas turbine* 278
Brooks, D. R. *Presidential Address* 146
Buxton, H. *Hungary for knowledge* 274
Chesebro', S. D. *Reengineering: prospering in a competitive environment* 6
Dalton, H. W. *The role of exploration and production in the future of British Gas* 13
Fowler, E. G. *Power stations: impact on the planning and operation of the natural gas transmission system* 73
Gray, D. J. and Horley, M. *Power generation stations: impact on the planning and operation of the electrical transmission system* 59
Greenland, A. and Harris, L. *Back to the future. Development of Orpheus* 216
Harget, D. C. *Pipeline materials—evolution or revolution?* 266
